Fostering International Alliance for Building World Class Plastics Education

Plastics Industry is growing multi-fold and it is expected to have exponential growth. One of the major challenges faced by the industry today is the dire need of skilled human resources.

Keeping this in the background, Plastindia Foundation (PIF) the apex body of major plastics associations envisioned building a world-class university which promoting multidisciplinary and equal focus on teaching and research.

PIU has collaborated with University of Massachusetts, Lowell, a U.S. renowned plastics and polymer

engineering institution with an objective to have a good proportion of internationally qualified faculty at PIU.

Eduprogress provided overall project management consulting for PIU, emphasizing on International Collaboration as one of the major prospects. Our team helped PIU to actualize the partnership from agreement to implementation through intensive coordination and follow up with both sides.

Eduprogress has also prepared the short and long term International Collaboration model that helped PIU in bringing the World-Class Plastics Engineering University in the areas of teaching, research methodologies and facilities, curriculum, state of the art laboratory, and training of faculty member.

Strategic Advisory Support to Entrepreneurship Development Institute of India (EDII)

The Entrepreneurship Development Institute of India (EDII) stands as a prestigious autonomous institution, established in 1983, distinguished by its not-for-profit status. This esteemed institute has an illustrious lineage, garnering support from leading financial institutions such as IDBI Bank Ltd., IFCI Bank Ltd., ICICI Bank Ltd., and the State Bank of India (SBI), alongside significant backing from the Government of Gujarat.

EDII has earned widespread recognition as a vital national hub for fostering entrepreneurship development. Its multifaceted focus spans education, training, research, institution-building, innovation, and substantial support for Micro, Small, and Medium Enterprises (MSMEs), as well as its dedicated efforts in nurturing the growth and sustainability of startups.

In the pursuit of excellence, EDII has found a valuable ally in Eduprogress, a partner that has made substantial contributions across several critical domains:

www.ediindia.org

Strategic Advisory Support:

Marketing,
Branding, and
Admissions Support

Eduprogress has been instrumental in elevating EDII's visibility and expanding its outreach. Their concerted efforts have yielded remarkable results, with the institute achieving significant milestones in terms of admissions. Notably, this includes a remarkable upsurge in admissions for PGDM programs focused on Entrepreneurship and Innovation, as well as Venture Development.

Accreditation
and
Ranking Enhancement

Eduprogress has played a pivotal role in propelling EDII to secure Prestigious Accreditations and Rankings. These notable achievements encompass recognition from the National Board of Accreditation (NBA), the National Institutional Ranking Framework (NIRF), and the Gujarat State Institutional Ranking Framework (GSIRF).

Furthermore, Eduprogress is actively supporting the Entrepreneurship Development Institute of India in its pursuit of NAAC recognition, further underlining its commitment to enhancing the institute's standing and impact in the realm of entrepreneurship development.

Strategic Advisory Support to School of Ultimate Leadership (SOUL)

SOUL is an upcoming institute in Gandhinagar, Gujarat, India, it aspires to be a steadfast institution devoted to training leaders to navigate the complex challenges of the modern world, ethically and morally. By imparting values, knowledge and skills, we aim to equip leaders with the tools necessary to navigate these complexities and lead with unwavering integrity.

Eduprogress has played a pivotal role in fuelling the vision behind the School of Ultimate Leadership (SOUL), making substantial contributions to its establishment and growth. This encompassed the creation of a comprehensive Detailed Project Report and the provision of invaluable support for institution-building.

Eduprogress has delivered the following services to the School of Ultimate Leadership (SOUL):

Strategic Advisory Support:

Comprehensive
Detailed Project
Report
Preparation

Eduprogress has meticulously crafted a Detailed Project Report that forms the foundation for the SOUL's journey, offering a detailed roadmap for its development.

Programme
Brochure
Creation

Eduprogress has skillfully developed a program brochure that effectively communicates SOUL's offerings, ensuring clarity and appeal to potential stakeholders.

Masterplan
Development

Eduprogress has been instrumental in devising a masterplan, ensuring a clear and strategic blueprint for the growth and evolution of SOUL.

Strategic
Advisory Support
for
Institution Building

Eduprogress has provided strategic advisory support to facilitate the institution-building process, ensuring that SOUL is equipped with the necessary guidance and expertise to thrive.

In essence, Eduprogress has been a driving force behind the conception and development of the School of Ultimate Leadership (SOUL), offering a diverse range of services that have been pivotal in shaping its trajectory and future success.

Accreditation Advisory Support to Saffrony Institute of Technology

The trust in its noble endeavour to serve humanity through education, set up the Saffrony Institute of Technology Campus comprising S. P. B. Patel Degree and Diploma Engineering Colleges, also offering Post Graduate and Doctoral Degrees in 2006. Both Institutions are approved by the Government of Gujarat, affiliated with Gujarat Technological University, and recognized by regulatory bodies like UGC and AICTE.

www.saffrony.ac.in

The college is located Mehsana, Gujarat. The students enjoy access to modern learning infrastructure, laboratories, pedagogical tools, smart board-equipped classrooms, e-learning, library, well-equipped departmental laboratories with latest software, audio-visual teaching aids, discussion rooms, stationery store, an open-air amphitheater, playground, boys' & girls hostels, canteen facility, conference halls, seminar hall, and an auditorium. The convergence of the best human and material infrastructure facilitates a robust academic experience that transcends to technical and cultural festivals, expert lectures, seminars, and conferences, Wi-Fi Campus.

The college has a versatile expert faculty from both industry and academia. In fact, CEOs and Directors of some of the most reputed MNCs often come to interact with the students on a regular basis and share industry perspectives on their curriculum. Key strengths of the college are a blend of young, experienced, and well-qualified faculty, modern laboratory and library infrastructure, and focus on holistic development of students and faculty through innovative pedagogy, research, training, and consulting to enable them to emerge as confident and technically competent professionals to take on the challenges of the world at large.

Strategic Advisory Support to St. Kabir Institute of Professional Studies (SKIPS)

St. Kabir Institute of Professional Studies (SKIPS) was established in 2008, under the aegis of St. Kabir Group of Educational Institutes which has its presence since 1985. Since its inception in 1985, St. Kabir Group of Institutions, which are managed by Janak Madan Charitable Educational Trust, have been spreading the light of knowledge and imparting quality education for over 35 years. Currently the group boasts of 5 academic institutions with 6500 students and about 500 academicians and around 11000 strong alumna.

In its relatively short history, SKIPS has established itself as one of the Best B-schools in Ahmedabad, Gujarat. Fostering industry driven curriculum SKIPS offers PGDM with Dual Specialization in Marketing, HR, Finance, Operations, International Business, Business Analytics and Applied Finance. In a bid to strike a fine balance between the local and the global, SKIPS gives its students due exposure to global management practices while maintaining relevance to their own culture and economy.

SKIPS integrates the best industry practices with contemporary theoretical developments to create a learning environment which is rich in both aspects. Student need and industry requirements are at the core of our philosophy and every aspect is built around this. The institute believes in making a rich learning environment where students are aided by exponents in their innovative ventures. SKIPS focuses on the holistic development of students both within and outside the classrooms.

Eduprogress has played a pivotal role in guiding St. Kabir Institute (SKIPS) towards achieving the esteemed status of a State Private University. This remarkable achievement is further enhanced by Eduprogress's invaluable contribution to the development of an intricately designed Detailed Project Report for SKIPS University.

The institution is distinguished by its experienced faculty members who bring extensive knowledge and practical expertise to their teaching. This robust educational framework, coupled with the institution's strong regulatory approvals, positions SAL Education as a leader in delivering high-quality education across its diverse programs.

Educational Advisory Support:

Institution Development
and
Detailed Project Report

Eduprogress and its project team were actively involved in providing all the necessary assistance and project advisory support to SAL Education. This encompassed the creation of a comprehensive Detailed Project Report and the provision of invaluable support for institution-building. Eduprogress and its team worked closely with SAL Education to establish it as an eminent institution, mapping out a strategic roadmap for its development and empowering the institution to achieve its goals.

Marketing, Branding, and Admission support for Kakubhai Parikh School (KPS)

Marketing and branding activities are essential for school development. Innovative marketing and branding strategy and outreach plan can help schools to communicate their existence and feature including methodologies, faculties and the like to their target audience.

Kakubhai Parikh School project has focused on providing key observations and findings on essential analytical parameters for school development as well as assesses and provide information on marketing and competitive strength of the school.

With an objective to understand the current status of the school, Eduprogress team prepared an As-Is study report highlighting key findings and observations. The result has shown the need for infrastructure renewal which will help the school in providing better marketing and branding to bring more admissions.

Centre of Excellence – Green Energy and Environment (CoE-GEE)

Centre of Excellence in Green Energy and Environment (CoE-GEE) is established under Centre of Excellence scheme of Industries Commissionerate, Government of Gujarat and promoted by CEPT Research and Development Foundation. The centre aims to provide an impetus for research in energy efficiency in built environment and energy – resource management at large. Its objective is to carry out in depth research in the field of energy efficient building design, energy efficient building construction process, environment friendly construction material and resource audit and management.

CoE-GEE has its own house building energy, simulation laboratory, and building energy performance testing laboratory along with facilities to conduct training and dissemination activities.

The main objectives of the centre are:

- To carry out theoretical and applied research and development knowledge in the remote areas of Green Energy and Environment.
- To engage policy makers and government officials along with private sector executives and civil society groups at various stages of research, documentation, and knowledge development.

Centre of Excellence in Infrastructure (CoE-I)

Industrialization has played a significant role in the development process of the global economy and environment. There is evidence that the growing industrial and urban activities results in increasing demands for infrastructure and energy that exert pressure not only on the environment but also the natural resources.

In the context of Gujarat which is industrializing and developing at very fast pace, the need is to address the infrastructure, environment, and energy related issues that are critical for sustainable development.

There is a need, not only for documenting good practices, but also for envisioning technical solutions along with necessary capacity building and enabling policy initiative to promote and sustain infrastructure development.

To facilitate such research, Centre of Excellence in Infrastructure (CoEI) has been set up at CEPT University with the assistance of Industries Commissionerate, Government of Gujarat to act as “think tank” in the domain. The CoE at CEPT University would undertake research, bring out publication and disseminate knowledge in the concerned focus areas over a period of five years.

The aim of the Centre is to facilitate and provide a platform for research development, innovation, and knowledge dissemination covering the areas of regional and industrial infrastructure and thus contribute to development of robust infrastructure to support industrial development in Gujarat.

About the Promoter

CEPT Research and Development Foundation (CRDF) has been established by CEPT University to better manage the consulting, contract research, and capacity building activities. There are various faculty members and students that benefit by participating in these researches and consulting projects.

Eduprogess has assisted in the following areas to establish both the centers as follows:

- Assistance in Providing Fundraising Support through Government of Gujarat (GoG)
- Preparation of Activity Plan, Progress Reports and Presentation of Approval and Submission at Government of Gujarat level

Tailor-Made Detailed Project Report for your Unique Project

Detailed Project Report (DPR) is an essential component of the project. It helps to identify risk, keep projects on track, facilitates better communication experience to clients, and thereby drives project success.

Eduprogres is having niche experience in preparation of Detailed Project Report for any sector specific project. Our goal is always to meet client's need and provide a ready model for overall project planning to implementation stage.

- Plastindia International University by Plastindia Foundation

An International Centre of Excellence in Mining, Safety, and Automation Developed on PPP Model

International Centre of Excellence in Mining, Safety, and Automation (iCEM) is an initiative by Gujarat Mineral Development Corporation Ltd. (GMDC). The Centre is established with an objective to be recognized as a distinguished global collaborator to the Mining Industry in the fields of:

- Skill Development
- Corporate Training
- Demonstration of Technology and best practices
- Education & Training
- Research & Development
- Entrepreneurship through continued innovation and excellence.

Eduprogress has assisted in setting up International Centre of Excellence in Mining from ground zero until commissioning stage. The centre is being developed under Centre of Excellence scheme of Industries Department, Govt. of Gujarat which located at Dev Dholera. University of Wollongong and TAFE Illawarra are the international partners whereas PDPU and IIT Kharagpur are the national partner.

The International Centre of Mining, Safety, and Automation has established in 2014 and well commissioned. The centre has been successful in conducting programs in Skill Development, Corporate Training, and Demonstration of Technology & Best Practices.

International Centre of Excellence in Automobile Sector

As a leading multinational corporation in automobile manufacturing, Maruti Suzuki India Limited (MSIL) felt the need of developing Indian skill set in automobile sector. It jointly with Industrial Extension Bureau (iNDEXTb) envisioned to set up an autonomous research institute namely International Automobile Centre of Excellence (iACE) to support the need of quality of skill training and research in automation and automobile sector.

MSIL engaged Eduprogess as consultant to help in the establishment of the Centre under the Centre of

Excellence schemes of Government of Gujarat. Eduprogess team has led helping hand in the following areas:

- Formation of Governing Body and conducting its meeting
- Assistance in Statutory and Regulatory Procedures to be obtained in Centre Establishment
- Preparation of Project Plan and Financial Plan
- Fundraising and Liaisoning Support with Government department and stakeholders for Centre related activities

iACE is being set up at Pandit Deendayal Petroleum University (PDPU), Gandhinagar. The Centre has national and international academic partner like PDPU, IIT Gandhinagar, and Kangan Institute.

Whatnext 2015 – iCreate

A flagship annual event hosted by iCreate, Whatnext 2015 was themed "The Journey – Converting Ideas into Wealth" for opportunities in the realm of 12 empowering technologies relevant to India as identified by McKinsey Global Institute (MGI).

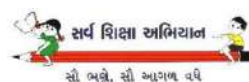

The event aimed to provide a mingling platform for variety of opinion leaders, policy designers, successful entrepreneurs, academicians, and leading investors to share their experience as well as vision of the future in multidisciplinary environment. Such topics in technology are covered including Nano Biomimetic, ICT, Nano Technology, Renewable energy, among others.

International Seminar on "Management of Mine Waste with Value Addition"

Seeing the current mining scenario where disposal of mine waste has become very critical, management of mine waste has been a topic of debate. In this regards, MEAI – Ahmedabad Chapter organized an International Seminar, under the auspices of MEAI, as part of Diamond Jubilee Celebration of MEAI and 20 years of the Chapter. The International seminar was a 3-days program from 9th –11th June 2017.

The International Seminar shall provide a platform where decision makers & policy makers along with academicians, industry experts & stakeholders discussed current mining scenario where disposal of mine waste has become very critical. It has also attained importance not only from the angle of mines safety, mineral resource conservation, environment protection but also in making mining more economical.
